SERVICES

■ LIVE-IN SERVICE for vessels on winter berth

The Live-in service provide possibility of a comfortable and safe stay on vessels during the winter period when the vessels are on land or on a floating mooring in the marina.

This service is designed to provide owners with a close and supervised presence on their vessels during the winter months, ensuring proper maintenance and protecting the vessel from adverse weather conditions. Additionally, depending on the package chosen, photos or videos can be sent to boat owners documenting the boat conditions, the activities carried out and any changes. This provides additional transparency and allows owners to be informed about the condition of their vessels even when they are not physically present.

The Live-in service gives boat owners peace of mind knowing that their boats are being monitored and regularly maintained during the winter period, reducing the risk of unwanted problems or damage. In addition, it allows owners to stay close to their vessels and enjoy them even during the winter months.

LIVE IN SERVICE PACKAGES	MONTHLY
BASIC PACKAGE	30,00
COMFORT PACKAGE	45,00
PREMIUM PACKAGE (CONNECTION TO ELECTRICITY 16AH)	60,00
PREMIUM PACKAGE (CONNECTION TO ELECTRICITY 32AH)	75,00

BASIC PACKAGE

Vessel ventilation: It is important to ensure that your vessel is well ventilated during the winter period to prevent moisture and mold.

Sending pictures to the owner: In order to keep up to date with the condition of your vessel, our sailors will deliver pictures of the vessel to you so that you can fully experience the live-in package and be informed about the condition and maintenance of your vessel even if you are not physically present.

Control of mooring lines and fenders: Properly installed and maintained mooring lines and fenders are key to the safety of your vessel during winter mooring.

COMFORT PACKAGE

All from **BASIC package plus:**

Salt rinsing of the vessel: Thorough rinsing of the vessel to remove salt residues and prevent corrosion or damage caused by salt water (if necessary in the winter months from 01.10 - 31.03.)

Starting the engine once a month: This service ensures that your engine remains in optimal condition and ready for use, thus reducing the risk of problems caused by long periods of inactivity.

PREMIUM PACKAGE

All from **COMFORT package plus:**

Electricity connection: (if none of the guests or crew are on board): This service ensures that your batteries are in an optimal state of charge, ready for use whenever needed, thus preventing potential problems caused by empty or low-charge batteries.

Customized reports: Reporting to vessel owners with more detailed information about the activities carried out.

Send videos to the owner: Our team records detailed videos documenting the condition and activities performed on your vessel. These videos include an overview of the boat's key parts and systems, as well as any changes or work that has been carried out.
